HOW TO READ YOUR PERSONAL HOROSCOPE REPORT

This horoscope is your personal cosmic fingerprint. No other person will have exactly the same combination of influences, unless they were born in the same second and exactly the same place as you were. With 10 planets, 12 signs of the zodiac and 12 houses there are approximately 1500 simple combinations in the horoscope, and when you add to that the different degrees and combinations between planets there are tens of thousands of influences which have to be weighed and juggled in any astrological interpretation. No computer programme can do this satisfactorily, but we do our best.

THE DIFFERENT SECTIONS

Reports from AstroWOW are designed to simplify the interpretation process for you. It indicates for example the relative strengths of different planetary influences so you can see what is most important. Furthermore this written report is divided up into sections on Identity, Emotions, Mentality, Love and Sexuality to eliminate apparent contradictions which arise in the character description. But the reader must bear in mind that contradictions will arise. People are complex and contain many contradictory traits. Diametrically opposed character descriptions will either reflect inner dilemmas or outer conflicts reflected in the behaviour of others.

PROFESSIONAL and PERSONAL PROFILE

The AstroWOW birth report can cover your personal character, your professional life or a combination of both, depending on your choice of report. The professional section addresses the questions: "What talents do I have?" and "How can I use this ability?" The personal section is concerned with relationships and hidden psychological causes, and addresses the question: "How can I improve myself in this area?"

PAST, PRESENT & FUTURE

Our reports can also integrate trends of the next year or two into the birth analysis, going beyond a static description of personal character and introducing a dynamic sense of what is happening for you here and now. The dynamic trends show the unfoldment of the horoscope through time. By analysing the current trends, it is therefore possible for you to gain insight into events just past, events happening at the present moment and trends into the future.

THE AUTHOR

This report is designed and written by Adrian Ross Duncan, former editor of the Astrological Association Journal, who has worked as a full time astrologer since 1985. Adrian is author of "Doing Time on Planet Earth" (Element Books 1990) and "Astrology: Transformation and Empowerment" (Red Wheel/Weiser 2002). His astrology software Horoscope Interpreter, Astrology for Lovers, and The Astrological Calendar are available from www.worldofwisdom.co.uk

It is our hope that the written report will give those who do not have the time to bury themselves in the study of astrology the opportunity of gaining insight into both their professional and personal life. If you wish to learn a little more about this report, you are encouraged to read the Introduction to Astrology at the end of the report, which describes the general influence of the 12 signs, the planets and the 12 houses

Life Path

Ascendant In Libra

PROFESSIONAL - LIFE-PATH: Relating

You have a talent for dealing with people. Your social nature combined with a fine aesthetic judgement gives you the opportunity to excel professionally in areas where good taste and an ability to weigh things in the balance are needed. This can vary from creative pursuits dealing with music or objects of beauty, to consultancy or dealing with personnel. You are strongly motivated to create peace and harmony around you, and will often find yourself taking the middle position between warring parties. As a natural diplomat, you will be appreciated by those you come into contact with. Some may feel you are manipulative, but most people benefit from your genuine concern for their well-being. At crucial times in your life, you may appear to be indecisive. You can agonise about taking a decision, and no amount of information gathering will help you. Ultimately you take decisions on an intuitive level.

PERSONAL - LIFE-PATH: Relating

Basically you are a friendly type of person, and you have a genuine and natural interest in other people. You probably come across as a sociable and charming person, and you have a special talent for creating an atmosphere of peace and harmony. Partnerships are alpha and omega for you, and you will seldom be alone in your life. You are willing to make many compromises to ensure that a relationship functions smoothly. Using your ability to see matters from another person's point of view, you can defuse conflict before it begins. However this tendency may be construed by others as a reluctance to confront important matters when they arise, and this in turn evokes a confrontational attitude in those who are close to you. You have a fine discriminating judgement - use this to discern when you should compromise, and when you should make a stand.

Ascendant Opposition Moon

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: Unconscious attunement

You have an emotionally compelling nature which profoundly affects the feelings of the people you associate with. You are very concerned with the emotional bonds

which hold people together, as well as issues of security. You can therefore work for example with the needs of the public in some way especially as related to homes, family or motherhood. You infuse all your work with an emotional investment. A hard professional environment is bad for you.

PERSONAL - LIFE PATH: Unconscious attunement

You are a moody person and will often find yourself affected by fluctuating emotional states - especially through worrying about family matters or security issues. You have a deep appreciation of the power of the unconscious and instinctual behaviour. In your dealings with people unspoken feelings have far greater priority than rational concerns or argument. You are finely tuned to changes in atmosphere, and adjust accordingly.

Ascendant Square Mercury

This aspect is extremely powerful in your horoscope; every action you take will be coloured by this energy. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - LIFE PATH: The messenger

You are a person of many talents, chiefly in the field of information and communication. Meeting people and creating contacts are a part of your professional life-style - you have a message to deliver, and you do so in a flurry of activity. Intelligent and informed, you keep yourself up-to-date on all the latest developments.

PERSONAL - LIFE PATH: The messenger

You are easy to make contact with, and always willing to exchange the time of day with anyone you meet. Easily distracted, you can find yourself getting involved in many things at the same time - but then you hate to be bored. You give the impression of being a person on the move. Being gregarious and talkative, you are an excellent catalyst for getting people together. You fascinate people with your ideas.

Ascendant Conjunction Neptune

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - LIFE PATH: The spiritual path

You are rarely motivated by purely ambitious interests, and therefore you function best when engaged in a job in which

you can invest your ideals and dreams. Ordinary goals can hardly satisfy your needs, which are more orientated towards feelings and sensitivity, or music and creativity. You need to feel moved by influences beyond the personal.

PERSONAL - LIFE PATH: The spiritual path

It is important for you to overcome a subtle feeling of dissatisfaction or sorrow in your life - both in connection with the direction your life takes, and in connection with partners. This involves finding a sense of meaning in your existence. Creative or spiritual interests, and the pursuit of inner purity, can bring much needed inner harmony. You are very impressionable and easily influenced by the vibrations of other people, so you need to indulge in periods of withdrawal.

Ascendant Sextile Pluto

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - LIFE PATH: Aura of mystery

You are attracted to positions of power in which you can exert control over your environment and professional relations. You have the power to deal with unpleasant confrontations, and you can make difficult decisions under pressure. There may be a ruthless streak to your character, as you often imagine threats to your position. This means that you can exhaust your resources in battles for power.

PERSONAL - LIFE PATH: Aura of mystery

You have a magnetic personality and tend to exert a powerful influence on your environment. Secret efforts to feel secure in your personal relationships can be exhausting - both for you and for others. Though you have psychological talents and an ability to penetrate facades, you tend to allow an obsessive ideologies or opinions to poison your relationships. When you relinquish control you discover peace.

Venus In Leo

PROFESSIONAL - VALUES: Project personal warmth

You are attracted to a life of luxury and style, and in your dealings with others you set great store in being able to give a good impression. Personal prestige is an important career value - and you need to see your prestige reflected in the way you look and the things you own. Professionally you

can avail yourself of your considerable personal charm and influence to get ahead. You know how important first impressions are, and you are careful to cultivate your contacts by showing respect and warmth. At the same time you expect to be noticed and appreciated in your job. Because you are basically a generous person you will probably attain a certain popularity, and this will be a major asset for you. Position is more important to you than money, but with your need to live in style and your extravagant tastes, money is also very necessary.

PERSONAL - VALUES: Project personal warmth

Men with this position are attracted to women who they can show off a little. Both men and women are drawn to people who have a central position in social circles. Good taste, good manners and style are essential ingredients in love. Women expect to be courted with style, and expensive gifts are the order of the day. Actually both sexes are very warm-hearted and romantic. Whilst there is an intrinsic loyalty and sense of honour there is also, paradoxically, a weakness for affairs. It is difficult to resist adoring glances! Blows to personal pride can seriously affect the stability of a relationship, and - mutual admiration being so important - there may be little to salvage if one party loses respect for the other.

Venus In 10th House

PROFESSIONAL - VALUES: Professional taste

You use your profession as a platform for expressing your personal values, and your taste and judgement can have considerable impact on others professionally. Quite apart from aesthetic sensitivity, you are especially good at creating harmony in your working environment, both in your physical surroundings, and especially amongst colleagues. This talent can express itself on a social level, where you can deal with people as part of your job, or even on a physical level, where you can work to beautify people, or deal with precious items. Your ability to appreciate the value of the material world and social connections can bring you the professional status which you desire, if you are prepared to make the effort. You hope success will come the easy way, and if you are lucky, it will. You will be helped on your way by influential women, and you may work with women.

PERSONAL - VALUES: Professional taste

Relationships have a high priority from the point of view of personal status - perhaps because you were powerfully influenced by the values of your mother, or perhaps because of the example of a sister. Your self-esteem is a little too bound up with outside appearances as regards your

relationships. You are attracted to people who have influence and success and tend to marry upwards. Love blossoms in your professional life, and you tend to be romantically attracted to your superiors at work. Later in life you would have great pleasure working with your partner, supporting his or her professional ambitions, or being supported by the partner in yours.

Identity

Sun In Cancer

PROFESSIONAL - IDENTITY: Sense of belonging.

You are a loyal person easily moved by the bonds of attachment that link you to others - particularly family members. You work best in a secure environment with people you know, and your place of work can be a second family to you. You resent intruders, and it takes time for you to get used to new people in your professional circle. However you are talented at understanding others, and strongly motivated to help care for people. You are a vulnerable person and will seldom forget it if someone harms you, or someone else who you care about. You are particularly attached to your territory and defend it fiercely. Actually you work hard to create a cosy atmosphere at your place of work. You have a natural business talent for increasing your assets. You hang grimly on to professional gains, but often future growth is prevented by past clutter. Economic insecurity can make you physically ill, because you are so attached to home and family and fear loss. But you are dynamic and industrious, so you tend to steadily advance in life.

PERSONAL - IDENTITY: Sense of belonging.

The bond to your mother will have been particularly formative. You are sensitive and easily hurt - though this may not be immediately apparent on the outside. Likewise, you are loyal and passionate in your defence of those you love - injury done to them is also done to you. You have a strong and instinctive protective nature. The greatest dilemma in your life comes when the bonds of attachment are broken - for example in connection with changes in the family structure. At these times it is important to recognise the dangers of sentimental attachment to the past. Your reluctance to let things go can stand in the way of your personal development. You have a great talent for building up a nurturing environment for those who are close to you, yet it can also help to be more open to those who are not necessarily so close. You are easily upset by changes in your daily rhythm, and can be rather grumpy when called

upon to change habitual behaviours. Your home is your castle.

Sun In 10th House

PROFESSIONAL - IDENTITY: Professional manifestation

You are capable of having a high professional profile - indeed society demands that you become deeply personally involved in your career. You are a natural leader in your field and it is an advantage for you to strive to become known. More than most you define yourself through what you do, and through how other people judge what you do. You are suited to a profession in which you either are self-employed or employ others. Should you find yourself working in a subordinate position, you may have differences of opinion with your employers. They will think you are arrogant, you will think you can do better than them! Successful leaders become role models for you.

PERSONAL - IDENTITY: Professional manifestation

You are extremely involved in issues of self-esteem and feel that your own self-worth must be measured by your achievements in society. This attitude stems from the influence of a parent - probably your father - who imbued in you ideas of respect and duty to society. Attaining goals, then, is the strongest motivational factor in your life. The problems is that you tend to move the goalposts in a constant spiral of striving. Perhaps it would be wise to relax more and enjoy the fruits of your labours? Because you identify so strongly with your professional position - you are what you do - you may have difficulty being spontaneous and natural on an intimate or emotional level. You also have a deep need to be respected and appreciated by your partner. Being known or respected makes you take yourself too seriously.

Sun Opposition Jupiter

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - IDENTITY: Insight

One of your greatest professional assets is your optimism and ability to envision and empower the future. You have the capacity to occupy a high profile position in which your charisma and personal identity play a leading role. As you are strongly motivated to acquire insight in your life, and rather philosophically minded, you would function well as an advisor, counsellor or simply as a leader figure, whom

people turn to for advice and a sense of direction. It is essential that your profession offers you the opportunity for growth. You need wide horizons and you will probably find that you travel a lot in your work. You are cosmopolitan by nature, and enjoy the cultural aspect of your work. You have very strong convictions indeed, and may be rather morally high-minded. This side of your character can lead to ideological confrontations with influential people. You have great difficulty in admitting your mistakes, and although you have vision and prophetic sense, you can be wildly optimistic about the future, and are often to be seen chasing dreams of prosperity. Inasmuch as vision is necessary for success, you will generally reach your goals, but greater attention to planning, more realism and more patience would help you consolidate your position.

PERSONAL - IDENTITY: Insight

You are an inspiring person with a wonderful capacity for positive thinking and looking on the bright side. You are a seeker of wisdom, and this search will lead to many studies and many travels to widen your intellectual horizons. During the course of your life, you acquire a set of opinions and personal convictions which play rather a dominating role in your environment. Gaining understanding of the meaning of your own life is important, and you identify strongly with the conclusions you come to. You have a great need to find a mentor or wise person who can instruct you, but few people will have the capacity to impress you on an intellectual or spiritual level. If you do not cultivate a sensitivity to the ideas of others you can become opinionated and arrogant. Others can find you mentally dominating or over-forceful in discussions. There is more dignity in giving your opinion only when asked, than in foisting your beliefs on others. Generally however, you will create a good impression because of the wide span of your mind, and a tolerant attitude towards others.

Jupiter transiting Conjunction Sun

24-09-2025 -> 18-06-2026

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - IDENTITY: Creating your future

During this phase of rising self-confidence you can expect your plans for expansion to take off. You should be thinking positively about the future now, visualising how you would like things to be as vividly as possible. Your power to get what you want is at its highest, so start expounding your

visions of a bright future. Remember: you get what you focus on, so focus on what you want.

It is favourable to expand into foreign countries; higher education, public relations and insight-enhancing projects will also bring success. Whatever you do, it is essential that it has depth and meaning for you. Don't waste important time on trivial matters - success is about the quality of life and making an impact with the essence of your own identity. If necessary take time off from work to build up a new vision for your future. If you have any legal problems, you will be confronted with them now so ensure that you are morally unassailable. And don't over-estimate yourself and your capacities. Make sure your plans are within the boundaries of reality.

PERSONAL - IDENTITY: Creating your future

During this phase of your life you will be given the opportunity to find a new sense of meaning in your existence. Bubbling up from within, you have the chance to release a new energy and enthusiasm based on a sense of your personal relevance to this planet. Travel abroad and contact with people you respect for their intellectual and spiritual capacities will now expand your world-view. Knowledge and understanding will enable you to build up a broader moral base with greater insight and tolerance.

This is a very favourable time for religious growth if you are so inclined, or philosophical and intellectual insight. In many ways the world opens to you and reveals its gifts and blessings for you to enjoy. Take care as you sample the pleasures of this cornucopia and don't overestimate yourself - personal hubris will be punished and you may find yourself coming down to Earth with a bump.

Jupiter transiting Square Sun

12-04-2023 -> 06-05-2023

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

Emotions

Moon In Aries

PROFESSIONAL - EMOTIONS: Be inspired, take action

You are undoubtedly a dynamic person - the type to take action immediately when you are emotionally involved in something. Whilst this dynamism is a virtue, it will often manifest as impatience - even as a sharp temper, which of course can have a negative effect on the people you work with. You hate being pushed around, and thus it can be difficult for you to take on a subordinate role - you would prefer to be ahead of the field. You will often set yourself the challenge of achieving short-term goals in record time, and though you work well under stress, this tactic may not be good for your health in the long run. Learning to relax and let others come first is a part of your maturing process.

PERSONAL - EMOTIONS: Be inspired, take action

You will thrive in relationships which give you the freedom to take independent action. Some of your most painful

memories are connected with times when you were robbed of this freedom. To enjoy a harmonious relationship you need to establish control over your temperament. You have a tendency to be short-tempered, and this comes from frustrations or a tense atmosphere in your childhood. You tend to use the threat of creating a bad atmosphere through your temper or through being huffy to get what you want. With time you learn patience. As a partner, however, you are fun to be with and you know how to create an exciting atmosphere in which things happen.

Moon In 7th House

PROFESSIONAL - EMOTIONS: Tuning in to others

You will wish to express your caring nature by having daily contact with the public in some way. Your enormous receptivity to the influence, problems and needs of others inclines you to a listening job in which you can give support and nourishment. As you can perhaps be rather over-sensitive to the demands of others you have to take care not to become drained by emotional contacts. You form strong bonds to the people you are in contact with and this may mean that you can be manipulated too easily. You may make too many compromises for the sake of emotional peace. However, you are very supportive indeed and a real asset in any business partnership.

PERSONAL - EMOTIONS: Tuning in to others

Most of your emotional life revolves around your partnership. You form a strong bond at an early age when you are still emotionally immature. You are strongly motivated by security and stability in your relationships, and will be attracted to a partner who can provide this. Men in particular have a tendency to choose a mother figure. Women tend to take on the role of mother in partnerships. Despite the need for stability, marital life will fluctuate wildly. These emotional ups-and-downs are a result of your oversensitivity to the emotional state of your partner. You have difficulty distinguishing between what you feel and what your partner feels. Your concern for the partner's feelings paradoxically evokes exaggerated reactions from him or her. Learn to tune in to what it is you really feel, and allow your partner to have his or her moods without constantly imagining they have something to do with your actions. When you integrate your emotions in this way, your partner will be grateful to be able to express emotions in peace without always having to have consideration for how you will react.

Moon Square Mercury

This aspect is of medium strength and its influence will often be felt, though not acutely. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Emotional awareness

You have great persuasive talents because you make an emotional investment in everything you say. At its best you can use these communicative talents to sway the feelings of the people around you - obviously a great asset when speaking to a public. You know how to tune in to the mood of the crowd and have an instinctive talent for saying the right thing. You need to be passionately engaged in your work, and function best in a role which gives you human contact. You work better with people than with things, but there is good business talent, especially as regards property. You are not an analytical type, and your judgements are easily swayed by your feelings. Thus you are easy to read, and will often stumble verbally, when you encounter conflict. You would find success in a career in which you utilised your talent for listening and speaking to people.

PERSONAL - EMOTIONS: Emotional awareness

You are a person who likes to communicate on an intimate level with those you are close to, though you have difficulty opening up to those you do not know well. Other people are comfortable entrusting their thoughts and feelings to you however. Your word and tone of voice are always tinged by your emotions, and this ensures you a good audience. Your emotions tend to swing a lot, and when you are feeling negative it can be very difficult for you to express yourself clearly. Under extreme emotional conditions you will be rather irrational. You have probably been profoundly emotionally affected by sibling relationships, and even now may have a powerful emotional bond to a brother or a sister. Your school years will also have had a great emotional impact on you, for better or worse. You are extremely sensitive to being criticised or misunderstood on a mental level. In many ways you are able to build a mental bridge between the conscious and unconscious mind, clarifying emotions through mental awareness.

Moon Trine Venus

You will often feel the influence of this aspect, though stronger influences may predominate in other areas of your chart. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences

minimal.

PROFESSIONAL - EMOTIONS: Empathy

You have very winning ways with all kinds of people and can gain a great deal of personal popularity. Dealing with others - particularly the public - in some way or another, can be an important ingredient in your profession. You may simply like people; at least people feel as if you do. You have a particular talent for dealing with women, partly because you have an instinctive understanding of their ways. Women can play an important role in your professional advancement - indeed you may be rather dependent on their goodwill for better or worse. Basically you are a caring and sympathetic person - and you show it. Therefore you would function well in a position which gave you daily contact with people and the opportunity to support and nurture them in some way. You shun hard professional tactics and are easily hurt when rebuffed. This means that you may be too fragile to handle the rough and tumble of the marketplace. To feel secure you need to have a solid economy, otherwise you tend to be afflicted by worry. You have a talent for investment - particularly in property.

PERSONAL - EMOTIONS: Empathy

You have an affectionate nature - you have both the capacity to give succour and love, and a deep need to receive it. Obviously therefore, relationships are extremely important to you, and you tend to form lasting bonds at an early age. Actually the greatest bond will be to your own family, particularly the mother - for better or for worse. Men with this aspect tend to marry early and unconsciously compare their loved one with the mother. There is a tendency to slink back to the family home for a good meal from time to time, and the wife can have great difficulty asserting her own authority over the mother's. In more extreme cases the man evokes maternal behaviour in his partner, and finds her wanting sexually as a mistress. It is difficult to feel sexually attracted to a mother figure, so unfaithfulness can ensue, as the man seeks to fulfil his sexual needs elsewhere.

Women with this aspect have to learn to integrate the two feminine functions - maternal and erotic - into their lives in some way. If she has difficulty with this she will find the sexual element in the relationship deteriorating, and will end up spending all her time on the house or with the children. A maid might be the answer!

For both sexes there is a tendency to be overattached and clinging, and too fixated on material security. Unconscious and unresolved childhood needs for love and security spill over into later relationships. It pays to develop a more

detached attitude and a greater indifference to the need for constant approval.

Moon Opposition Neptune

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you have expended time and effort.

PROFESSIONAL - EMOTIONS: Develop intuitive sensitivity
You are a supremely sensitive and impressionable person, and this will express itself as a moodiness and indefinable dissatisfaction. Yet you will almost certainly have creative and caring sides to your nature which can stand you in good stead professionally, as long as your job is not monotonous or meaningless. You have a capacity for being very sympathetic and understanding, and this may be a part of your work. You have spiritual talents - perhaps you can work with dreams or the unconscious in some way. You are powerfully influenced by your environment, and including the mood of the people around you. It is wise to choose environments free from pollution, spiritually, emotionally and physically.

PERSONAL - EMOTIONS: Develop intuitive sensitivity
The greatest challenge for you is to attain emotional satisfaction, and this is best done by understanding the nature of your childhood. It is essentially for you to avoid the tempting pleasure of indulging your emotions and sentimentality. You so easily fall into negative emotional states, and this can make life miserable for the people around you. Your emotional impressionability creates serious problems in partnership matters - you simply have difficulty distinguishing the boundaries between yourself and your loved one. You take on the moods of others or absorb negative vibrations from the environment. The older you get the more you realise that this is just a bad habit, based on early conditioning. Avoid jumping into emotional swamps! Having said this, you have a wonderful talent for tuning in to other people emotionally and understanding them in depth. You are a very sympathetic person.

Moon Trine Pluto

This aspect is extremely powerful in your horoscope, and will be a major feature of your character. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - EMOTIONS: Deep emotional involvement

You are strongly motivated on an unconscious level by a need for security - a need which is very difficult to fulfil. However when you turn outwards and concern yourself with others, you will discover a special talent for helping other people find security. This may manifest as social consciousness. You also have a talent for dealing with people in crisis, possessing an inborn psychological ability to transform how people feel. You are suited to work which requires a deep personal involvement combined with a certain power and distance. You have the power to investigate deep emotional states in other people, and this can be connected with psychology or the occult.

PERSONAL - EMOTIONS: Deep emotional involvement
You are a person who feels everything very deeply, although people who only know you superficially might not be aware of this. Your need to protect yourself emotionally comes from a number of disturbing childhood experiences which mean that you tend to play it cool in times of crisis. Problems arise in intimate relationships because you never let on how you really feel - if you had the courage to show your vulnerability, people would treat you better. You cling to emotional bonds with great intensity, yet in times of crisis you can suddenly amputate your feelings and become ice-cold. It is unwise to deal with crises by giving ultimata. It is essential to overcome these destructive defence mechanisms, if you want to enjoy warm relationships.

Jupiter transiting Conjunction Moon

06-03-2023 -> 30-03-2023

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - EMOTIONS: Expanding your base
This influence depends very much on how large a role safety and security play in your professional life. If safety is paramount, you will be wanting to expand the foundations of whatever represents security for you now. As this may well be property, you could wish to move into a larger home or business, and indeed it certainly pays to invest in land and buildings now. Providing that you can trust your instincts in these matters, then property acquisition or expansion is favoured.

For some people freedom and expansion of horizons will be more important than security. The urge to investigate foreign countries - their people and culture - can play an important

role in your career now. Trust in your hunches - your intuitive powers are at their highest in this period, and you have the enthusiasm to take on any challenge. You may however find that your interests lie outside the professional sphere. This is a higher-charged period for you emotionally, so you will probably also want to expend your energies on domestic or family matters.

PERSONAL - EMOTIONS: Expanding your base

This is a period when your feelings and emotions exert a tremendous power in your life. Hopes and dreams about the future will be a driving force inspiring you to take action. Generally speaking you should have a degree of luck and good fortune in attaining your greatest dreams at this time. This is probably a natural consequence of the enthusiasm you invest in all matters. You can expect an expansion of your horizons and a deepening of your capacity to show feeling. You learn something of the mystery of life, and it gives a new meaning to your existence.

You can be strongly inspired by a future vision connected with domestic happiness, a home or children. There is, however, a tendency to go overboard. If you are hoping for the fulfilment of emotional dreams, so many opportunities can arise that you simply cannot make a choice. Furthermore your emotional suggestibility is at its highest - you believe what you want to believe. Whatever the concrete results - if any - of this period, you will come into deep contact with your emotional power and gain rewarding new insights.

Mentality

Mercury In Cancer

PROFESSIONAL - MENTALITY: Trust your intuition

You are a canny person with a head for business. You are not keen on taking risks, and like to hang on to gains when achieved. You are strongly motivated to attain security for the people who are dear to you. You are muted in your opinions, yet the emotional message in what you say can have quite a powerful effect on the mood of other people. On the other hand, if you are emotionally aroused, you may express yourself rather clumsily. You prefer to work in a secure position, and are inclined to serve loyally if treated with respect. You have a very fertile mind and an excellent intuition in business matters. You may not be very logical, but you can rely on your instincts.

PERSONAL - MENTALITY: Trust your intuition

You are a deeply impressionable person, and you tend to

express your knowledge and opinions only after checking things out with your inner feelings. This emotionality will be discernible in your voice, which will probably be quite charged and variable in tone. You are sensitive and intuitive, and this can express itself in an instinctive talent for grasping the thoughts and feelings of other people. In partnership you are inclined to be rather quiet and very receptive. It is rather difficult for people to really know what is on your mind. When you do communicate, it is with those you really trust, and you do so with feeling. You function better on an intimate level, than on a superficial social level.

Mercury In 9th House

PROFESSIONAL - MENTALITY: Get knowledge

Your intelligence, curiosity, and desire for understanding are great professional assets. You are excellent at juggling ideas, and persuasive at putting them across. You could have success in the publishing branch. You know how to meet other people on their own mental level, and would do well in dealings with people from foreign countries because of this talent. You may find success in areas where it is important to get a message across to the public, perhaps in the media, or in marketing areas or teaching. Training courses and a good education are a prerequisite for professional success. To thrive professionally you should have access to information, and be able to draw on a large body of personal knowledge.

PERSONAL - MENTALITY: Get knowledge

You are driven by an insatiable curiosity and desire for understanding. You are a walking question mark, constantly seeking to find a deeper meaning in the smallest events that cross your path. Perhaps you were strongly influenced by siblings or a teacher early in life to do something with your intelligence; now you are the eternal student, seduced by knowledge and the power of education. You speak intelligently on many different subjects and generally have an opinion about everything. Discussions with you can be somewhat frustrating, because you have a tendency to change viewpoint constantly. In your view this is OK: you know in your heart that truth is a relative matter, only the search for enlightenment and knowledge is constant. Get your ideas down on paper.

Mercury Square Neptune

This aspect is extremely powerful in your horoscope; it will dominate many areas of your life. There will be great difficulty in integrating these two planetary influences, and the promised harmonious results will only arise after you

have expended time and effort.

PROFESSIONAL - MENTALITY: Clarify your thoughts

You have a very refined mental sensitivity which may be expressed through some form of imaginative and creative work. You possess a wonderful intuition, but formal learning and dry facts do not interest you. You can be quite a perfectionist and are very good at spotting mistakes and errors. In your dealings with others, you are very good at tuning in to their ideas, and you will go very far - perhaps too far - to avoid confrontation and argument. You tend to hope difficulties will disappear if you ignore them, and you have a tendency to create a smokescreen around issues. Thus you like to get your own way through being indirect and confusing the opposition. However if you do not make an effort to stick to ethical principles and honest representations, you may find yourself getting ensnared by the stories you create. You have a talent for creative communication - as a writer, in advertising or the media, or as a general part of your work.

PERSONAL - MENTALITY: Clarify your thoughts

In intimate relationships you are very attuned to what your partner is thinking. You are a mind-reader, and as such you often feel you know what another person will say before it is said. Whilst this is often the case, problems can arise because of a tendency to adjust what you say to conform to the other person's supposed expectations, and to hide thoughts and ideas which you think will not be received well. If this habit goes on for too long, you may find that you start living in another world - isolated and misunderstood. Effort must be made to improve communication and to say what is really on your mind. You are oversensitive to environmental stimuli - particularly noise - and partners may feel you overreact or are over-critical in this area. However you do need to be in a peaceful environment to function well.

Jupiter transiting Conjunction Mercury

28-07-2025 -> 12-04-2026

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - MENTALITY: Expanding contact

The effect of this influence depends very much on how you employ your mental talents in your profession. This is the time you should invest in your mental abilities. Knowledge is power, so it could pay for you to go on courses, meet people and expand your sphere of influence. You can expect an increase in the time you spend travelling now, so try to

streamline this area of your life. You should be doing more to enlarge your network of contacts, so make sure you are available through telephone, fax or computer. You will talk more, travel more and write more.

If you have any dreams as regards writing or getting some message across to the public, now is the time to go for it, as there is a strong disposition for success in these matters. This is generally a great time for wheeling and dealing, doing business and capitalising on contacts at home and abroad. Nevertheless you can talk too much and be too intellectually pushy. Take time to listen to the opinions and advice of others - you can make misjudgements if you don't.

PERSONAL - MENTALITY: Expanding contact

This is a period of expanding intellectual curiosity which can be reflected in many areas of your life. You will probably devour books and TV programmes at this time to satisfy your urge to acquire knowledge. It will also be an important process for you now to weave all the threads of information that you gather into a whole piece of cloth, so that you can see a meaningful pattern in all the details that surround you.

This is a time to be on the move and to allow your mind to be fertilised by contact with a wide variety of people with different views on life. You should be bubbling with ideas, so you have to get them down on paper or out to a broader public. Although this is generally an optimistic period, there is a risk of losing your sense of proportion, particularly if you are inclined to worry or fantasy. Knowing the power of the mind to create the future, you would be well-advised to guide your thoughts into constructive channels.

Venus Conjunction Pluto

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - VALUES: Transformation of values

You have the ability to awaken deep sympathy in the hearts of other people, and you are probably willing to go to great lengths to be appreciated. Your attention to others can evoke a very positive atmosphere and genuine good feelings, if you learn to avoid a few simple weaknesses. You tend to go too far in pleasing others and trying to create a good impression. In this way you can monopolise some

people and alienate those who are not impressed by your apparent charm. Businesswise you have a special talent for getting the most out of resources. You can see the value in items other people might throw away, and can turn waste into something valuable. Financially you must avoid the trap of getting into debt by buying prestige items. Do not throw good money after bad. Above all avoid becoming economically dependent on others - you could end up being manipulated.

PERSONAL - VALUES: Transformation of values

Your intimate relationships are characterised by their intensity. You are simply not interested in a superficial or casual relationship. You have a tendency to invest a lot of energy into winning love and attention and this is actually a throwback to childhood experiences which equated love with survival. You will often feel that it is fate that has brought you and your partner together, and that nothing will break the bond that has been established. Unfortunately, an unconscious fear of losing love can result in many exhausting emotional scenes. Relationships can lurch from crisis to crisis. When these negative influences have been transformed you will discover a real talent for giving loving support to others.

Venus Trine N.Node

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - DESTINY: Truth in beauty

Your sense of values and taste, and even your personal appearance, can awaken strong feelings of attraction in the people who know you. Your aesthetic values may play an important role in whatever associations or groups you belong to, and you may even set the style of the times through your personal judgement. Often seduced by the beauties of the world, and the temptations of material things, you have a special challenge in life as regards understanding the power of love and attraction - and their pitfalls.

PERSONAL - DESTINY: Truth in beauty

Magnetic attractions to specific people in your life can be extremely formative as regards your spiritual growth. The world of the senses, and the pleasures and pains of love will be a constant challenge and source of fascination for you. You may react by indulging in every pleasure which is

offered to you, or you may reject the allure of sensory paradise, preferring purity and frugality. Your choice, and your values, may have a significance beyond the personal, profoundly affecting the spirit of your time.

Jupiter transiting Square Venus

25-03-2024 -> 21-04-2024

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: Blessings

If you are the lucky type, you could not have a better period than this one. This is a time when influential people - particularly women - can guide you towards success, and when your economic resources have every chance of expansion. Success comes in particular in the cultural, intellectual or artistic field, though there is also a reasonable chance of business expansion also. Matters of fairness and justice will cause concern at this time.

It is more important to enjoy life than just work hard at this time - if you can't appreciate life's pleasures now, when can you? What are your true values and goals in your career? This is the time to include them in your plans for the future. However, if you indulge your pleasures too much, this can be an expensive time. You are very vulnerable morally now, and affairs of the heart can lead you into a costly blind alley. Don't cut corners to gain easy profit, a questionable gain now can lead to long-term loss. You are easily seduced.

PERSONAL - VALUES: Blessings

This is a romantic period par excellence, so you can expect affairs of the heart to have priority now. If you are in a relationship, your need to give and receive love will be very strong, so ensure that you indulge your emotional and erotic desires. This is a time when the power of romantic and sexual attraction is extremely strong, whilst the moral discipline is weak, so it is important to weigh the needs of the heart with other emotional costs. Sometimes it is more important to nourish and indulge the need for love than anything else, sometimes not. Let your ideals about fairness guide you.

It is a great time to travel, and if you are seeking a partner, there is one to be found in foreign climes, or in cultural or intellectual institutions. You are not inclined to fall for anyone for physical reasons alone at this time - you need a partner who can stimulate you intellectually, and expand your understanding of life and its pleasures. If you are interested in creativity, this can be a wonderful period

because you gain insight and understanding of the aesthetic forces of Nature, seeing the beauty inherent in all things, and experiencing that beauty as a manifestation of truth in some way.

Uranus transiting Square Venus

10-03-2023 -> 21-04-2024

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - VALUES: New social environment

Sudden changes of values now can inspire you to make changes and adjustments in your career. This is a more social period, so you will not be content with jobs that just involve facts and figures. You need to get out, travel and meet people - preferably unconventional types who can surprise and inspire you. This need to be surrounded by new people may be a problem if you are working in a very formal and stuffy environment, and you might wish to consider job change, to satisfy your need to be socially and aesthetically stimulated.

You would thrive in an international environment now, in which you can make use of language ability and social qualities. You are less likely to be hung up on economy and material things at this time - you discover new values and pleasures through contact with new peoples and cultures. You may discover a capacity for bringing awareness and a new quality of life to others, particularly as regards principles of freedom and unattachment.

PERSONAL - VALUES: New social environment

Radical changes can arise in your personal relationships at this time. If you are free and unattached you will almost certainly get involved with some untraditional romance. Because there is a strong need for a relationship which gives mutual freedom, and because you long for the unpredictable and exciting in love, you could meet someone from a radically different country, age group or culture, or someone who is an outsider in society. You may choose to live alone and have a weekend partner. It is unlikely that you can cement love affairs started at this time, but the most important consequence is the awakening of your emotions and the stimulation of your erotic awareness.

If you are in a stable partnership, sparks can fly as you try to assert a new-found need for autonomy and independence. If you are feeling bored with you partner and in need of a change, try to avoid being over-impulsive and strive to understand your partner's anxiety. You cannot

compromise on your need for a renewal in your relationship and more social involvement, but if you value your relationship you should do more to reassure your partner. If your partner does not want to share your new interests, find a group of people with whom you can be inspired. This is an excellent time for involvement in consciousness-raising groups. It is also a good time for the awakening of the creative and aesthetic impulse. Love affairs at this time lead to a dramatic awakening of the feelings but rarely become settled. There is a tendency to have short intense meetings - often in airports - and then to return to the calm of private domestic life. Separations threaten weak partnerships at this time.

Drives

Mars In Gemini

PROFESSIONAL - DRIVES: Develop your mind

You are a person with many mental gifts and a very active mind. Your mind is like a sharp tool which can be used in many different areas, and you thrive when you are given several tasks to do at once. This love of diversity is only a disadvantage if you start too many things, and forget to finish them. Boredom is your greatest enemy in this respect. As long as a project has your interest you will keep at it. You are however not so good at following up on your successes, as you are more interested in ideas than in the results they bring.

You will almost certainly do a lot of travelling in your life - especially locally. Some kind of personal transport is essential for your well-being. Meeting people keeps you stimulated, and you probably have a talent for inspiring and teaching others. You must watch a tendency to be sharp or sarcastic - your intellect is a double-edged sword, and being a fast thinker yourself, you have a tendency to get impatient with the slower pace of others. If you slowed down a little yourself and worked in a steadier fashion, you would make fewer mistakes and be able to consolidate your gains.

PERSONAL - DRIVES: Develop your mind

You are a quick thinking person, rather impulsive in self-expression, even to the point of being rude or cheeky. At the same time you can be humorous and witty and quite a success socially. Men with this position of Mars will be the roving type, always on the move either mentally or physically. In relationships this may also mean a roving eye and the tendency to flirt rather harmlessly. Women with this position will be attracted to the youthful type of man who is full of ideas and bubbling enthusiasm. There is a tendency -

which may be more or less pronounced - to get involved in more than one relationship. There is a danger of being far too argumentative in relationships, perhaps because of an innate mental restlessness. Nevertheless relationships will normally embody an element of excitement and travel, which can be very stimulating for both partners.

Mars In 9th House

PROFESSIONAL - DRIVE: Intellectual pioneer

Your opinions and convictions are an important part of your professional life. You have a strong desire to increase your knowledge and understanding, but you function better when you are self-taught. Too many intellectual conflicts arise when other people try to foist their opinions on you. You are extremely powerful - perhaps too dominating - in putting forward your point of view. Nevertheless you can have success as a teacher or working in some field which necessitates persuasion or the spreading of information and ideas. You are very dynamic in your outreaching to others and may travel a considerable amount in connection with your work.

PERSONAL - DRIVE: Intellectual pioneer

You are a fearless searcher for truth and understanding, and this search may well bring you to foreign lands. You are an explorer type, constantly striving to increase your horizons and develop your interests. Women with this position of Mars are often attracted to men from a different culture or country, men may discover partnership abroad. You have strong opinions and these probably arose because you had to hold your own against an intellectually dominating brother, father or perhaps teacher in your early days. As a result you tend to be too aggressive when defending your own convictions. Your spiritual development may be profoundly affected by a mentor of some kind, though you have little inclination to subjugate yourself to the principles or convictions of anybody else. You may see your God as wrathful or severe, but you are inspired to rise to meet spiritual challenges in your journey to find truth.

Mars Conjunction Uranus

It may be difficult for you to discern the influence of this combination of planetary energies; it is weak and may be outweighed by stronger influences. This conjunction shows a fusion of energies in you. Both the positive and negative sides of this aspect will be an integral part of your character.

PROFESSIONAL - DRIVE: Experimentation

You are an extremely dynamic person and you can perform tasks in a flurry of activity in half the time ordinary mortals

take. You need excitement and originality in your work, and you do your best work when a deadline is threatening. When you decide to act, you strike like lightning. However you are best at working in short bursts of energy. Longer periods of activity tire and bore you. You have talent for working with technical matters - for example engineering, computers etc. You may also have a taste for more untraditional work, perhaps connected with New Age fields, consciousness-raising etc. The essential ingredient is freedom to experiment and learn from your own experiences. You are not very good at working in a team because you can react violently to being told what to do. You hate restrictions and orders and you need to go your own way. Other people may experience you as rebellious and you have a tendency to get into trouble with authorities. You are something of a pioneer, and may embark on dangerous travels to foreign lands.

PERSONAL - DRIVE: Experimentation

You are an extremely unpredictable person, and your fear of being limited by relationships makes you demonstratively aggressive when duty is required of you. Men with this aspect give their partner the impression that they can pack their bag and go at any time - in actual fact unpredictability is used as a threat to get their own way. Women with this aspect are attracted to unusual men, particularly from abroad or from some unique environment, - men who can promise excitement and freedom. There is a tendency to be enormously provocative and this can lead to explosive conflicts. This satisfies the ever-present craving for excitement in one way or another. To have peace in a relationship it is important to have some unusual interest or job which brings challenge and fulfilment. A relationship will not provide this in any lasting way. If all goes well you are an exciting person to be with, always willing to take a risk or try something new.

Jupiter transiting Conjunction Mars

10-05-2025 -> 05-06-2025

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - DRIVES: Burning enthusiasm

It is important for you to harness the energy and enthusiasm which surges through your body at this time. The competitive edge is sharpened, and you have the courage and vision to enter the rough and tumble of the marketplace and meet whatever challenge that confronts you. You can

overcome obstacles now and expand your sphere of action. This is not a time when you can be too interested in diplomatic niceties - you want to get things done, and in a hurry. There is a burning desire to achieve.

This is an excellent time for pioneering activities and expansion abroad. It is also a good time for throwing yourself into hard physical work. There is an inclination to get into confrontations now, and it is not helped by your desire to impose your beliefs and convictions on others. You may try to bully your way through. Although it is favourable to act on your convictions regarding what is right and what is wrong, it pays to gain insight first and cultivate greater tolerance.

PERSONAL - DRIVES: Burning enthusiasm

This is the time to be intoxicated by a new decisiveness and a willingness to invest your energy into getting what you want. There is a refinement of the sense of purpose and the meaning of taking action. This lust for life can manifest as an expanding of your horizons through travel, taking on new intellectual challenges, getting into your body through exercise and training - and sexual exploits. There is a sharp increase in erotic drives at this time, and men will become increasingly aware of a need to prove themselves and their masculinity. This can manifest as the desire to woo and win the affections and body of a suitable quarry.

Women too become increasingly aware of sexual needs and the power of attraction to the opposite sex. There is a willingness to take the initiative in these matters. However it is actually the need to be stimulated intellectually that is paramount for women as far as attractions are concerned at this time. A relationship is also seen as a means to expand personal horizons and learn more about men and life in general. Indeed this period has most significance as regards insight into the body - and this includes greater consciousness concerning health, and the muscular system, as well as personal sexuality.

Saturn transiting Square Mars

21-03-2025 -> 05-02-2026

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Developing willpower

This is a time to mobilise reserves of willpower and pursue goals with indefatigable determination. You can expect a lot of resistance now, especially from older men in positions of authority. Effort, long-term strategy and hard work is the

remedy for problems that arise at this time. Courageous action leads to the building of lasting edifices now.

First of all it is necessary to overcome lack of self-confidence. You may feel that there are men of greater experience available to do the jobs you want, but by training and perseverance, you can - in time - achieve the goals you set yourself. If you don't succeed, try and try again. You will become stronger and more efficient. Great satisfaction can be achieved through the power of organisation and self-discipline - if you rise to the challenge, you will achieve success. This is an excellent time for hard physical work - particularly as regards building and construction.

PERSONAL - DRIVES: Developing willpower

This period can be rather a trying time, and there are many obstacles to be overcome. However with hard work and determination, you should be able to have things the way you want them - finally. Men will feel unsure of themselves at this time, and there will especially be a question mark as regards their sexual needs and performance. There may be a reluctance to take the initiative in these matters for fear of being rebuffed, yet it is at precisely this time that a man can get into contact with his body, learn more about his needs and develop the confidence and assertiveness to handle sexual relationships. Circumstances may however dictate less sex during this period.

Women who experience this influence will also be concerned about their body, especially as concerned blockages preventing spontaneous enjoyment of erotic pleasures. It pays to take more time in a relationship to improve sexual contact. More patience is needed in the warming-up phase, and less focus on erogenous zones. Many sexual fears about dominance and authority can be dealt with, and the long-term effect on sexuality can be beneficial. Sometimes an older or more experienced man comes into the life now. Both sexes benefit from more exercise or training through body-building, aerobics and the like.

Neptune transiting Square Mars

13-01-2023 -> 06-03-2025

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - DRIVES: Path through confusion

You will probably experience a lot of confusion as regards your goals right now. It can be extremely difficult for you to define exactly what it is you want to do, and even if you

know, it can be difficult to know how to do it. This confusion will be felt as an inner dissatisfaction - at least you know what you don't want to do! Using this feeling to guide you, strive to attain your ideals and work only on those things which really interest and inspire you. This is an excellent period for idealistic work, both as far as social, creative and spiritual issues are concerned.

In your dealings with others you need to take great care. There is an air of decadence or dissolution about the people you meet at this time - particularly men. Alcohol and drugs can play a particularly negative role, and it is best to avoid stimulants as far as possible. You are very vulnerable to being cheated or led astray now - your moral fibre is being tested. There is a tendency to go behind people's backs, or to feel that others go behind your back. Keep on the straight and narrow path if you wish to avoid swampy ground.

PERSONAL - DRIVES: Path through confusion

This is a time when the will to achieve, and the ability to take an initiative seems to be undermined. You don't like what you have, but don't know what you want. By refining your motives and actions, and tuning in to spiritual or creative needs, you can acquire new talents. Women at this time are disposed towards very curious experiences with men. There can be attractions to inspiring, musical or artistic men who later turn out to be frauds or disappointing in some way. Rather shady affairs can arise, as the woman seeks to recapture some of the magic she expects from love and sexuality. This is a projection process by which the woman seeks in the man creative and magical qualities she should be developing in herself.

Men of weak character - particularly those who are easily seduced by their desires - tend to make a mess of relationships at these times through infidelity. Sexual satisfaction is found to be illusory however. It is beneficial to develop a better contact with the body now, perhaps channelling the invisible energies in the environment through Tai Chi, yoga, dance, swimming or similar activities. A new-found awareness of the body can give greater sexual satisfaction at this time. The power of the imagination and of film, music, wine etc. as sexual stimulants may be discovered. Take time off work to develop your creativity.

Wisdom

Jupiter In Capricorn Retrograde

Because this planet was retrograde at your birth, you will have an instinctive knowledge of, and attraction to, the following traits and activities. You will tend to be introvert in

these matters, and pursue your own individual path in strong contrast to the path chosen by others.

PROFESSIONAL - WISDOM: Be successful

You were born in a year of focus on authorities, institutions and powerful political developments. Issues of law and justice, and their enforcement, can be very relevant to your life. You may be attracted to the corridors of power, and you can play a significant cultural or philosophical role in the structure of society. Getting ahead professionally is very important for you, and you work hard to achieve long-term goals. Success can however be delayed because of a lack of optimism. By learning to think smart, instead of just working hard, you can achieve great success in life. It is important that you learn to formulate your goals in a positive manner. Write down your long-term plans and visualise achieving them without backbreaking effort. Your professional talents are exceptional, and you can reach a very influential position in life. Think positively.

PERSONAL - WISDOM: Be successful

You have integrated strong moral principles from your early relationship to society, owing to exposure to somewhat restrictive or conservative values about human behaviour. There may for example have been a strong disciplinary element in connection with training and education for you, or perhaps you were influenced by someone with an exceptionally strong morality. Whatever the circumstances, you have strong principles now, which drive you to work hard and take responsibility. You believe in the work ethic, and only expect to receive what you have worked for. Thus your life takes on rather a sombre tone as you struggle to get ahead. Remember the principle of abundance - ask and you shall receive. In personal relationships it is important for you to cultivate a more tolerant attitude, as you have a tendency to moralise and be restrictive. Spiritually you advance through ascetic self-discipline.

Jupiter In 4th House

PROFESSIONAL - WISDOM: Moral foundations

One of your greatest assets on a professional level is your good judgement and lucky disposition as regards property. You can expand holdings and generally earn money through dealing with property. You can generally count on the loyal support of your family, for whom you have a strong moral commitment. Business commitments may draw you to foreign countries. Cultural and environmental issues can absorb you on both a national and international level. You will enjoy your retirement, and will probably have a comfortable economy at this time.

PERSONAL - WISDOM: Moral foundations

Generally speaking you have had a fortunate upbringing, perhaps growing up in an international environment, or in a large family or a large house. A stimulating intellectual or philosophical atmosphere at home will have provided you with a solid emotional ballast later on in life. Your father, who probably had strong convictions, may have played a strong role in shaping your opinions. You may have found family members rather dominating on an intellectual or moral level, but this has a good effect on you in the long term. You too will have powerful moral convictions in family matters. You like to live in a large house and may at some time reside abroad.

Jupiter transiting Square Jupiter

25-04-2023 -> 19-05-2023

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - WISDOM: Development of insight

As Jupiter represents areas of your life in which hopes and visions for the future are paramount, as well as the need to gain understanding and meaning, you can expect an increase of awareness and activities in these areas now. If you are motivated by the need for expansion and growth, then you can expect advances. There is increased focus on your ability to act on moral values and pursue your convictions concerning society. This is the time to refine your judgement and manifest your capacity to guide and counsel others. If you have a tendency to overestimate yourself, indulge moral weaknesses or to make premature judgements, then you will be confronted with this side of your character now. If self-discipline and a natural carefulness is a part of your nature however, you can take advantage of opportunities to expand.

PERSONAL - WISDOM: Development of insight

Jupiter takes 12 years to go around the Sun, so it will return to its own position at the ages of 12, 24, 36 etc., and activate itself by major aspect every 2 years. During these phases of your life you can increase your insight and understanding, and plug in to that most essential part of your life which gives you a sense of purpose and meaning. It is at these times that you can rediscover your joy in existence and faith in the future. This in turn will enable you to be fertile and grow. However if you are the type who is over-confident or immodest, then you will learn a lesson at this time. Your hopes and visions for the future should be

within the bounds of possibility, and if you do not keep in touch with the ground under your feet, you lose out in the long run.

Jupiter transiting Conjunction 7th House

16-02-2023 -> 14-03-2023

PROFESSIONAL - WISDOM: Relationship rewards

One of your greatest professional assets is your insight into other people. You have excellent judgement and would succeed in a career in which people came to you for advice. You thrive when working in large concerns, and in a career which offers wide horizons. You are often helped on your way by older people who are favourably disposed towards you, and are generally fortunate in all partnership affairs. Generally speaking you choose to see the best in other people, and this attitude brings out the best in them. You are excellent at motivating people as regards the future, and this positive attitude evokes optimism in them. You have considerable diplomatic talents which are best used on a collective level where the ability to have an overall perspective is the essential ingredient.

PERSONAL - WISDOM: Relationship rewards

Other things being equal you have a very fortunate fate in relationships. Marriage will often bring social and material advancement for you, and you are usually lucky in finding a person who helps you and has your best interests at heart. The most important asset a partner can possess in your eyes is an intelligent and cultured manner. A wise partner imbues your life with meaning and expands your philosophical horizons. You are stimulated by a good discussion, but must take care that you do not fall out with your partner on foolish matters of principle. Differing opinions tend to sabotage your harmony. Your partner may have special political or religious interests, or may come from another country. You can have great pleasure from travelling together and cultivating your shared cultural interests.

Jupiter transiting Conjunction 8th House

02-06-2023 -> 18-02-2024

PROFESSIONAL - WISDOM: Depth understanding

You understand the importance of influence and power in all your professional dealings. You have the intellectual ability to see behind appearances and draw wise conclusions as regards most matters concerning finance and investment. In this respect you like to think big. People trust you with their money and other resources, and you can make them grow.

You may also have good fortune concerning legacies or inheritances. You have a choice of direction as far as expansion is concerned. You can make a lot of money, if you put your mind to it. You certainly have the know-how. But it is unlikely that you will be satisfied by material success, and you would achieve greater satisfaction expanding your influence, ideology and power. True satisfaction especially comes when you turn your understanding and investigative talents onwards to explore the fascinating realm of psychology and related subjects.

PERSONAL - WISDOM: Depth understanding

You can have a rich and rewarding emotional life. Not being satisfied with any superficial relationships, you have a hunger for intimacy and a deep understanding of the emotional motivations of your partner. You are both curious and talented as regards gaining access to the feelings of others, and you have the capacity for explaining hidden psychological factors. You may have a tendency to tout your own opinions and beliefs in a rather dominating way though. Stubborn insistence on matters of principle or conviction can easily sabotage emotional harmony. When you look back on your life you will notice that you have totally changed your own convictions at least once, so why let them become an issue in relationships? In a good relationship there should be plenty of space for a divergence of opinion.

Jupiter transiting Conjunction 9th House

17-06-2024 -> 13-07-2024

PROFESSIONAL - WISDOM: Expansion of understanding

As you have considerable intellectual depth and a fine overall perspective you are suited to a profession in which your powers of judgement and capacity to exert influence play an important role. Matters concerning the law, or the broadcasting of cultural values, or any situation in which you can get convictions across to the general public are all areas of employment in which you can thrive. Higher education can be important for you, and in your professional life you would appreciate the chance to constantly enhance your abilities through further training. You tend to be tolerant and cosmopolitan so you will demand a job which gives you wide intellectual and cultural horizons - even the opportunity to travel long distances abroad.

PERSONAL - WISDOM: Expansion of understanding

You have been endowed with considerable natural wisdom and the capacity to understand the significance of your life. Your upbringing will have been influenced by strong parental convictions, and this has stimulated you to work

things out for yourself and develop your own understanding of the world. Powerful religious, political or philosophical beliefs shape your life. You are extremely persuasive in your beliefs, but you should bear in mind that other people may find you rather dominating. It is important for you to listen to the world view of other people if you want to avoid becoming bigoted. You may be profoundly influenced by a mentor or guru-figure from a foreign land.

Challenges

Saturn In Virgo

PROFESSIONAL - SELF-RELIANCE: Systems organisation
Saturn was in this sign in the periods 1948-50 and 1978-80. This was a period of reconstruction, focus on labour relations and public health, and emphasis on the concept of service. Should you manifest this influence in your career you will be very hard-working and conscientious, and make enormous efforts to get your professional life on an even keel. You probably feel that organisation is not your strong side, yet as you get older you learn to systematise your time and effort until you become a skilled organiser with a fine sense of detail - though this can sometimes border on the pedantic. Your greatest professional challenges are concerned with integration with the work force and getting things to function on a practical level with colleagues.

PERSONAL - SELF-RELIANCE: Systems organisation

You were born in a period where there was great focus on principles of efficiency, hygiene and being of service to others. Many of the challenges in your life are concerned with how to make yourself useful to society, without becoming a slave of the system. On one level there is a need to be accepted and integrated in your environment, but on the other hand it can be difficult for you to find your place. It is a question of being able to set limits for when to offer your help, and when to refuse it. If you are too service-minded you will feel misused, if not enough, you will feel isolated. It is difficult for you to feel that the efforts you make are good enough, and you will often spend a lot of time trying to improve things and make them more efficient. In other words you can develop considerable perfectionism, and whilst this will often bring good results, it also creates inertia and prevents progress.

Saturn In 11th House

PROFESSIONAL - SELF-RELIANCE: Social responsibility
Early in your professional life you will feel a certain degree of insecurity in your relations with people - particularly as

regards your ability to integrate socially. Yet you will probably spend much time working with groups and later may attain a position of authority and respect in some organisation - whether business, political or social. Through overcoming your own social inhibitions and the sense of being a lone wolf, you develop a kind of responsibility and sense of duty as regards your role in society. Therefore you gravitate towards jobs which require your talent for organising people. Though people will respect you, they will have difficulty getting close to you personally - you have developed a set of defences which protect you from getting too personally involved.

PERSONAL - SELF-RELIANCE: Social responsibility

One of the major challenges for you in your life is learning to relax together with your friends. Early experiences at school will have isolated you socially, and the pain of being out in the cold will have made you careful in your choice of friends. You prefer companions you feel totally secure with and have known for a long time, and though you may have many acquaintances you have no time for friendships which are not deep-felt. Around the age of thirty major turning points can arise - perhaps at this time you get involved with a group which comes to mean a lot for you. You derive great benefit from overcoming shyness and integrating yourself with purposeful groups which may be concerned with social issues or consciousness development. You regain the social self-esteem you lost as a child through winning respect for the unselfish work you do for others later.

Saturn Sextile Uranus

Though not especially strong, you will be able to feel the influence of this aspect under many circumstances. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - SELF-RELIANCE: Structural renewal

This rare combination of planets is part of a 46-year cycle, and the influence will affect everyone over a period of approximately a year. In so far as you channel this influence through your career you have the capacity to deal with large organisations and will often find yourself in the position of establishing a bridge from the old to the new. With one foot in tradition and the established values of collective experience, you will also have to deal with the necessity of reform to adjust to a new future. Depending on which side of this equation you are on, there can be conflict with established authorities. Thus you will often be confronted by two separate and very different camps with very different

viewpoints. You deal with social structures which have outlived their usefulness; perhaps a revolution is necessary to make room for the future. You can be skilled at finding ways of putting new technology to practical use. You can work in areas concerned with social reform.

PERSONAL - SELF-RELIANCE: Structural renewal

Your personal struggle is very much connected with when to release your attachment to the past and open yourself and your life to the necessity of change. Often you hang on to restrictive life-patterns too long, and when sudden change comes - as it invariably does - the edifice you have built up can disintegrate as you uncompromisingly embark on a completely new venture. You tread the tightrope between generations and have the capacity to bridge the gap between young and old. Sometimes you identify with the establishment, yet there will come decisive breaks as you violently strive to adjust to change. You have a role in society in which you should bear the banner of reform.

Jupiter transiting Square Saturn

31-05-2024 -> 25-06-2024

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - SELF-RELIANCE: Expanding the framework

It is at this time of your professional life that the urge for growth and expansion confronts the forces of inertia in your career, or in society. You get to appreciate the power the establishment has over your life at this time. You are challenged to examine how you limit yourself and your future through restrictive systems or a lack of vision and faith in your abilities. If you can find the balance between learning from past experience yet allowing a future vision to inspire you, you may expect solid and steady growth at this time. It is important to expand within a certain framework and to accept the limitations imposed by professional authorities. If you do this you will be an important cog in the development of your company, or culturally in society.

PERSONAL - SELF-RELIANCE: Expanding the framework

At this time of your life you have the opportunity to loosen some of the bonds that restrict you, and lighten the load which weighs you down. This is the time that you have to adjust the awareness of what is necessary by becoming aware of the art of the possible. Restricting life patterns can be replaced or adjusted by exploring new avenues for the future. Inasmuch as you are hampered by a sense of

insufficiency or inferiority as regards your abilities, you can gain renewed confidence and faith in yourself now by defining future goals and working hard to achieve them. You can build a lasting niche for yourself in society at this time by laying new foundations for the future.

Saturn transiting Opposition Saturn

16-03-2023 -> 05-02-2024

Very strong tensions will occur in your life in the following area. Other people will impinge on your life and force you to adjust.

PROFESSIONAL - SELF-RELIANCE: Adjusting direction

As Saturn takes 29-30 years to orbit the Sun, it makes a major aspect to itself about every 5 years, and these are times when adjustments of direction and goals have to be made. At the age of 29 to 30 however, a major reorientation is necessary. You have to look carefully at what structures you have built up in your life and why. If you don't make changes now, when can you? Are your ambitions your own, or are you simply fulfilling the expectations of your parents or of authority figures in society?

It is essential to spend some time sensing what it is exactly you want for yourself in life. Cast aside all the unnecessary baggage which you have accumulated in your efforts to carve yourself a professional niche in society. Don't worry about personal status and ambition for the time being, and don't listen to people who tell you what they think is good for you. The older you get the more important it becomes not to waste time pursuing superficial career goals which will be of no benefit in the long run.

PERSONAL - SELF-RELIANCE: Adjusting direction

All phases of the 30 year Saturn cycle are important, although the ages 30, 44, and 52 are perhaps the most significant. These are times when you have a chance to review the passage of time and assess the unfolding of your life. Are you satisfied with the direction it is taking? If not, change it now. Change need not be radical, you just have to define what it is you truly want to spend time on. Remember your responsibility is first to yourself. The biggest gift you can give to others, is to show that you are satisfied with your own life.

It is important to weigh the balance between career and family commitments now. Do not be influenced by what other people expect of you - only you can know what it is that you really need in life. The yardstick for decisions at this time is: Imagine you were on your death bed...what then, would you wish you had achieved in your life? The wrong

decision now can mean years wasted on unfulfilling work.

Originality

Uranus In Cancer

Uranus In 9th House

PROFESSIONAL - ORIGINALITY: Consciousness change

You may be able to harness an unusual intellectual talent in your career. You have the capacity to intuitively grasp intellectual and spiritual truths. Your further education may have been interrupted or broken off in some way - probably because you do not have the patience to go through long periods of training. You learn fast and prefer to teach yourself - and in conventional teaching situations you tend to be provocative. Professionally you have special talents in relation to exotic countries or cultures. You may have a special teaching skill connected with a rather untraditional subject. Perhaps you can experience some success connected with the electronic media, radio or television.

PERSONAL - ORIGINALITY: Consciousness change

You have a bird's eye view of life. Unusual events - perhaps connected with exotic travels abroad - have brought radical transformations of your consciousness and led you to develop some very untraditional opinions about the meaning of life. In your understanding you see things interrelated on subtle levels in a way that is hard to explain logically. Your opinions tend to be provocative and may even shock other people in some way. You probably functioned badly in traditional educational institutions, and you have had a tendency to drop out and pursue your own radical views or interests. You learn best in an experimental, group-oriented environment, and you will find excitement and fulfilment through going to consciousness-raising courses, or through learning revolutionary mental techniques.

Jupiter transiting Conjunction Uranus

Major changes will occur in the area of your life described here and you will integrate new personal behaviour and attitudes in your life.

PROFESSIONAL - ORIGINALITY: The future now

This is a time when insight and awareness of the future should be a force of inspiration and renewal in your professional life. Expect a dramatic increase in your horizons - either through long-distant travel and contact with exotic lands or peoples, or through mind-expanding

activities connected with consciousness growth. Progress in your career depends on your ability to think in completely new channels and harness modern methods - both as far as technology is concerned, but also concerning revolutionary methods. This is a time of exciting possibilities and great inventiveness. The urge to be free and uncommitted may well have to be given priority over personal ambitions now.

PERSONAL - ORIGINALITY: The future now

During this period of excitement and unpredictability, you have a strong desire to expand the boundaries of your consciousness. Contact with foreign lands and cultures can blow your mind, and experiences on untraditional training courses or with experimental groups can give you a new sense of destiny or insight into transcendent aspects of your life. This is a good time for astrology and New Age interests, and to meet people who share special interests. So experiment, take a few risks and loosen your bonds - you need to allow the unknown and unexpected to happen.

Transcendence

Neptune In Libra

Neptune In 1st House

PROFESSIONAL - TRANSCENDENCE: Divine discontent
You are a person with an indefinable aura of mystery and longing. You tend to drift along as you seek to define your mission in life, and the litmus test for whether you are going in the right direction is the strength of your constant inner feeling of discontent. This feeling is the light which refines your being and your life-goals. When you find your professional niche, it will often have a deep spiritual meaning for you, perhaps connected with helping others in some way. You can never truly thrive in a profession which only offers material perspectives. You can feel truly satisfied professionally when you feel that you are being of service to others, or living out your higher destiny.

PERSONAL - TRANSCENDENCE: Divine discontent

Although there are times when you are visionary and inspired, you tend to emanate an aura of dissatisfaction - as if something is lacking in your life. Other people may feel frustrated because of their lack of ability to give you satisfaction. You tend to downgrade yourself and allow others to superimpose themselves on you. You function best when you cultivate a caring attitude towards others. You may be marked by early spiritual experiences which open a window to your consciousness. This becomes a driving force in your life-path, and you are driven to strive for the seemingly unattainable. In partnership matters, you have to overcome a tendency to be a wet blanket. Romantic love can never quite give you the spiritual nourishment that you require, so it is important to cultivate transcendental interests.

Neptune Sextile Pluto

This aspect is of medium strength and its influence will often be felt, though not acutely. Because there is a good aspect between these two planets, you can expect the positive consequences to be strong and very creative, and the negative consequences minimal.

PROFESSIONAL - TRANSCENDENCE: Mass vision

These aspects are very rare and last a very long time. Indeed, as Pluto moves within the orbit of Neptune in the closing years of the 20th century, the present sextile aspect between the two planets lasts from 1940 to 2040 - one hundred years - so almost everyone has it! If you are able to

manifest this influence on a personal and professional level (through powerful contacts in your own horoscope), it may be connected with a deep spirituality and creativity. There can be talent for dealing with the media and wide-ranging themes connected with the masses. Material issues will be less important for you than the realisation of a collective dream. There can be clairvoyant powers, and abilities connected with dreams, symbols and visualising. In industry there can be a talent for dealing with oil, the film industry or the transforming power of collective visions.

PERSONAL - TRANSCENDENCE: Mass vision

If you have this influence powerfully evoked by other factors in your horoscope, you will be deeply affected by spiritual issues, and constantly seeking to refine your consciousness. At these times you are likely to experience great personal disorientation and confusion, as old dreams and visions are replaced by new, deep psychological insights. Inner growth will have major priority in intimate relationships. During periods of your life you will undergo deep transformations in which your fantasy and imagination will play a powerful role. It is essential to learn to use your imagination in a positive way by learning about the power of the unconscious.

Jupiter transiting Square Neptune

23-07-2025 -> 28-03-2026

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSCENDENCE: Balloons and bubbles

You will experience a tremendous stimulation of your imagination at this time, and this can be used to advantage if you can harness your fantasy to some creative work, especially in connection with music, imagery and the arts. If being realistic is an integral part of your career, take care. Your idealism and dreams peak at this time, and this can seriously affect your judgement. Your imagination can be gripped by great hopes, and you have a tendency to attach your hopes to a bubble which expands and expands until it bursts. Inspiration is OK, but make sure that you do not get carried away into a world of dreams. Listen to the voice of reason, and work in stages with verifiable goals.

PERSONAL - TRANSCENDENCE: Balloons and bubbles

If you are a dreamer, this is the time when your dreams take wing and carry you into surreal landscapes. If you do not want your hopes to be dashed, you must be aware of your

limits and let yourself be guided by common sense. Great hopes will often turn out to be illusory, so don't let your imagination get out of control. However this is an excellent time for developing your imagination and your visualisation power. If you choose you can enrich your life with great spiritual insight, and gain a subtle knowledge about the nature of reality and the illusion of identity.

Transformation

Pluto In Leo

Pluto In 10th House

PROFESSIONAL - TRANSFORMATION: Transform your ambitions

You can invest enormous energy into achieving your goals -

even to the point of obsession. Behind this compulsion lies a deep subconscious need to prove yourself. On the positive side, this will bring results, simply because of the efforts you make. However, there will come a time in your life, where you will discover that your personal destiny is something quite different from what you have hitherto strived for. The career transformation which follows - perhaps around the age of 40 - will lead to totally new interests, where your talent for going into depth and giving yourself 100% will bring success. You are suited to a job where you wield a certain amount of power. When it is a question of taking unpleasant decisions, even if this can affect the jobs of others, you are capable of being quite ruthless - even with yourself. You have a special talent for identifying factors that undermine success, and rooting them out. As such you are a skilled reformer. There may also be a talent for working with computer technology or psychology-related subjects.

PERSONAL - TRANSFORMATION: Transform your ambitions.

You have been powerfully affected by a parent on a hidden psychological level. Perhaps there were unspoken but unpleasant expectations connected with you getting ahead in life. You have developed a hidden need to sabotage the expectations of others because of this parental theme. Later in life you may even find yourself working under a person who is rather unreasonable - even tyrannical - in his or her treatment of you, repeating the pattern from childhood. If you find this kind of situation arising, the root cause is of course your own attitude to authority. The need to sabotage is projected on people who you identify as having too much power. For true success and satisfaction in life you need to unearth these unconscious motivation factors - otherwise you will sabotage your own success.

Jupiter transiting Square Pluto

23-07-2023 -> 06-04-2024

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSFORMATION: Power play

During this period you will be initiated into the use of power and secrecy in the professional sphere. This may be because you discover hidden factors, corruption or power

misuse behind some professional facade, or it may be because you learn to harness your own personal power or psychological insight in your career. Whatever the circumstances you may feel a certain anxiety because of circumstances seemingly beyond your control. Make sure you are on good terms with legal and financial authorities, or at least cover your tracks if you aren't!. Big money can be involved during this period, involving large gains or losses, so make sure you have the best financial advice.

PERSONAL - TRANSFORMATION: Power play

There is a leap in your awareness of the power of the unconscious to shape your life at this time. You may choose to develop your emotional insights by learning more about psychology in one way or another. If you have any hidden anxieties or phobias you can expect them to be more acute or to come to the surface now. Even though this may be disturbing, there is a unique opportunity to understand the secret mechanisms of your mind and to eliminate the negative effect of repressions. You can become the intrepid explorer of some very dark territory indeed.

Uranus transiting Square Pluto

01-01-2023 -> 02-05-2023

Major irritation factors arise as a result of this influence, yet if you use this period to initiate dynamic change you will be able to make dramatic progress in your life.

PROFESSIONAL - TRANSCENDENCE: Unpredictable power

This influence will pass most people by, unless they have strong Scorpio character traits. Generally this is experienced as forces completely outside one's control revealing hidden flaws or secret affairs in organisations. Powerful and secret forces in society can impinge on one's career in completely unpredictable ways now. This is a time of extremism and violent uncertainty, and allowances ought to be made as far as plans are concerned. Threats received at this time can awaken deep anxieties. If you work with computers beware of viruses and other unpredictable events. This is a good time for harnessing technological forces to consolidate power.

PERSONAL - TRANSFORMATION: Unpredictable power

For those who are sensitive enough to feel this influence, they can expect a powerful awakening of unconscious forces. This can be a very disturbing event, as you may feel that you have little conscious control over the deep repressions that can well up to the surface and dominate your consciousness. This is a good time for group therapy

and greater psychological awareness. There may be an interest in archetypal forces such as shamanism and occult forces, but great care has to be taken with such forces. Violent imagery can surface in dreams and in waking life, and perhaps this process should be seen as an inner spring cleaning in the manner of an electrical storm which clears the atmosphere.

Destiny

N.Node In Aries, S.Node In Libra

PROFESSIONAL - DESTINY: Trial by fire

The issue of leadership and individuality is extremely important to you because you have an instinctive need to be very considerate to others. You will often compromise in situations when you would be much happier cutting through and taking the lead. Your affairs function better when you ask yourself what you truly want, rather than what other people want. By letting your leadership qualities come to the fore, you will find that you can still use your knack for tuning into others and making compromises when necessary, yet you will also fulfil your destiny - which is to be an example to others through living out your own individuality. It is important not to let your need for harmony around you stifle your ability to take action.

PERSONAL - DESTINY: Trial by fire

Deep and unconscious drives, which have their roots far back into the past, create situations in which you - when young - almost stand on your head to take other people's views and needs into consideration. You are motivated by the need to be liked and appreciated, but a time will come when you will experience a major reorientation in this respect. By going for what you really want - by allowing yourself to take the initiative and go for what is right for you - you will find your true self. It is important for you to risk doing what you really want, even if you feel it alienates others. Things simply do not work for you when you unctuously try to win approval, whereas when you strike out on your own you win the respect and appreciation of others.

PROFESSIONAL - DESTINY: Discovering others

Major turning points arise concerning your relationship to others in the middle part of your life. Early in your life most of your instincts are concerned with maintaining personal freedom and independence. Professionally you will be split in your attitude as to whether you should cooperate with others, or make it on your own. In your mid-thirties you will

probably accept the necessity to build up a variety of contacts and important professional relationships, and this will bring success. It is essential to shift the emphasis from individual fulfilment to greater consciousness of fulfilling the needs of others.

PERSONAL - DESTINY: Discovering others

Self-sufficiency is not a problem for you, but you have a lot to learn in intimate relationships concerning the value of compromise and seeing things from another's point of view. You find as you get older that you derive less and less satisfaction from fulfilling purely personal interests, and this leads to a radical shift of personal values. The greatest personal development arises in your intimate relationships, as you strive to replace egocentric interests with the spirit of partnership. There can be a major turning point here around the age of 37. The greater the depth in your personal relationships, the deeper the level of satisfaction you feel.
