## HOW TO READ YOUR ASTRO-GUIDE REPORT

The Astro-Guide report from World of Wisdom enables you to plan your moves for a period of three months and to perfect your timing in your love life, your relationships and your career. This report is based on the movement of the planets in this period in relation to your birth horoscope (which is shown as a full color wheel at the beginning of the report). Transits of all the planets - Sun, Moon, Mercury, Venus, Mars, Jupiter, Saturn, Uranus, Neptune and Pluto - are mapped, and the precise influence of these contact to your birth chart is described in a short and concise text.

However, it is not enough to read about an influence. What is important is to know how to act. There are times when it is crucial to take action, and times when it is wise to keep a low profile or remain passive. In relationships, sometimes you need to powerfully defend your position, at other times it helps to know when you may be on the wrong track. The Astro-Guide report helps you by imagining what kind of questions you might ask yourself as a result of the astrological influence. And providing answers.

What would happen for example, if the planet of love, Venus, came to conjoin Mars in your horoscope? The Astro-Guide report describes this influence in this way:

**Love and Excitement:** You are turned on today. Dance, romance and make love. Be assertive and forget the finer sensibilities for a while. Enjoy your desires.

It then goes on to suggest that you may ask the question: Is it OK to flirt? and the answer is clearly: If you don't flirt today, you'll never flirt. The suggestion of sex definitely spices up life, and today you should be thinking about how to be more alive..

By using a question and answer technique in the reports (there are three questions and three answers for each influence) you, the reader, have to really think about what you are feeling, and if you are in doubt, then the answers will enable you to follow what you unconsciously know is the right path. In this way you can use the report to plan ahead, avoiding days when negative trends decrease your chances of success, and making the most of days that are astrologically favorable for you.

Whilst this report shows trends that last from just one day to several months, it is important to also understand your personal birth chart in depth. If you have not already had one made, it is really worth ordering World of Wisdom's Birth Horoscope report. This describes your character in detail, both in relationships and in your career, and it also contains a more detailed description of long-term trends that are affecting your life in the years ahead. If you would like to learn more about your horoscope, a concise description of the planets, signs, aspects and houses is included at the end of this report.

Some things to remember when you read your report: Some things to remember when you read your report:

**Your birthday:** The program registers when the Sun returns to the exact place it was when you were born. In some cases this can happen on the day before or after your official birthday!

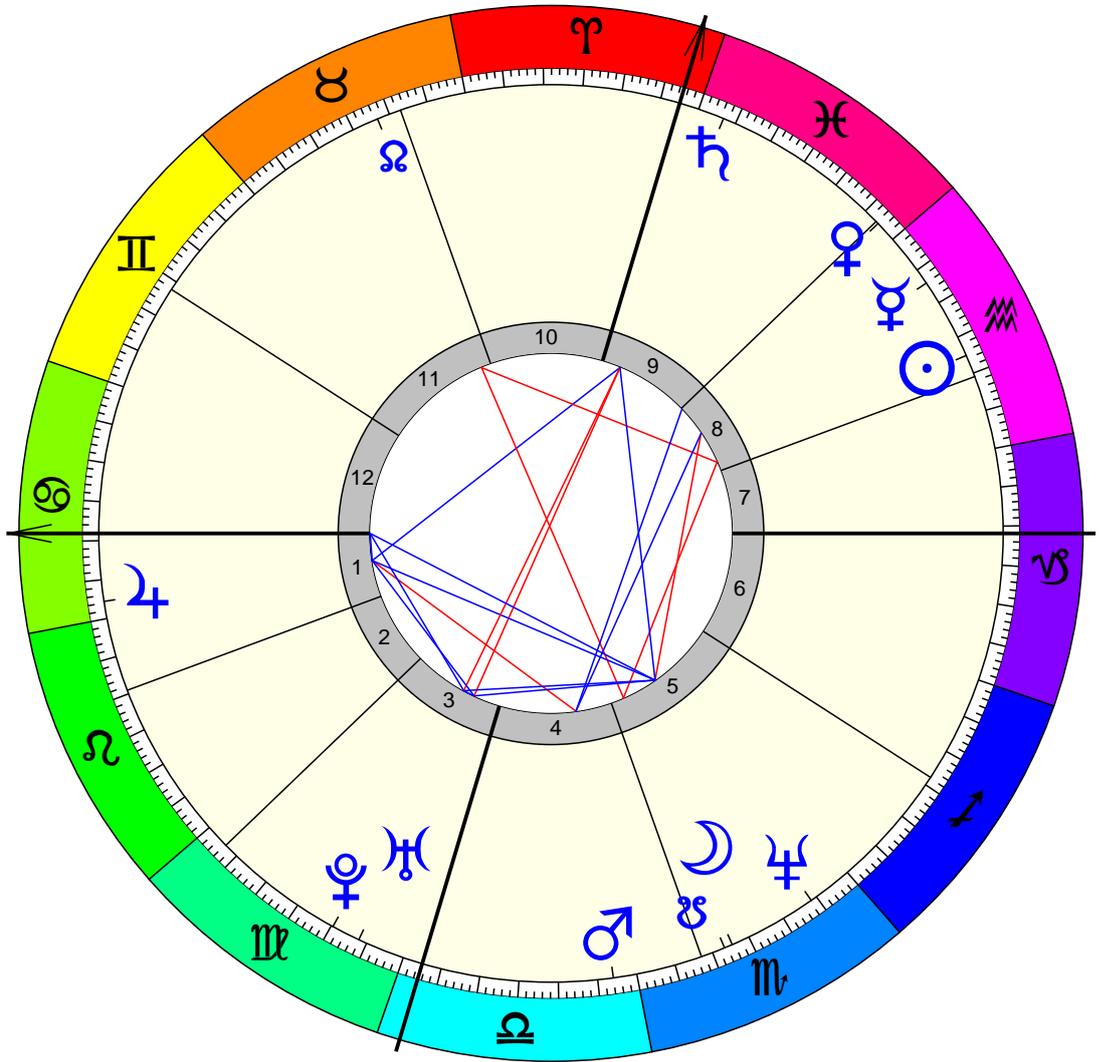

If you find there are days when there are no influences, this is because no planets activate your birth horoscope that day (although the Moon will).

The influence of the Sun, Mercury, Venus and Mars is very transient, whilst that of Jupiter, Saturn, Uranus, Neptune and Pluto can last many months. All the interpretations take this time element into consideration.

**Retrograde movement:** Occasionally the planets appear to stop and move backwards (owing to their relative movement in relation to that of the Earth). This can mean that the same influence will be shown more than once in the report.

## 07 June 2023

### ***Transiting Mercury positive your Uranus***

BEING A GENIUS: Tune in to what is unique in you, and let everyone know. The dividing line between madness and genius is thin, but go for it. Cross boundaries.

#### ***Should I listen to the reservations of others?***

No - go for what you really believe in. You are at your most inventive and original, and you don't want your ideas watered down by the skepticism of others.

#### ***Should I consider a quick trip?***

Follow whatever route your intuition takes you on. This could well mean a lightning visit to meet inspiring people. It's definitely time for a space hop.

#### ***How can I optimize my talents?***

Make sure your technology is tip-top, and that you are fully connected. Seek out the company of original thinkers, but work on your own ideas.

### ***Transiting Mercury challenges your Neptune***

SCRAMBLED COMMUNICATION: What you see is not what you get. Dreams distort your perception. You avoid the truth. Don't let your imagination take control.

#### ***Should I put confidence in what people say to me today?***

You should not. People may simply be lying to you, or you may not be listening properly to them. You hear what you want to hear.

#### ***Should I be direct and truthful with others?***

A good question! As a general rule, yes, but today it could be wise to conceal your thoughts. Maybe it's best to tell some white lies. Protect your dreams.

#### ***Should I do administrative or creative work?***

Creative work. Administrative work will bore you, and worse, you can get important details wrong. Relax, dream, and take time off to swim, watch films or dally in Nature.

## 08 June 2023

### ***Transiting Venus positive your Midheaven***

PLEASURE AT WORK: Pleasant people pop by and make your day a pleasure. In this mood you can ask for favors, and they will be granted. Financial advance.

#### ***Is it a day for organizing or socializing?***

It's people that count today, not things. It's the time to wine and dine. Court those with influence, and rewards will be heaped on you.

#### ***Where shall I seek allies at work?***

Your colleagues are your best resource, but you can also call on financial favors right now.

#### ***Who should I turn to for a favor?***

The person who can help you best right now is a professional woman with social influence.

## 09 June 2023

### ***Transiting Mercury positive your Saturn***

PLANS CLICK INTO PLACE: Express yourself briefly and concisely. Make schedules and deadlines. Seek the advice of those with more experience than yourself.

#### ***Can I sway others with my oratorical powers?***

Not today. People want to see facts and figures. Make a plan, a budget or a list, and you'll soon have those in authority eating out of your hand.

#### ***How should I react if plans grind to a halt?***

Just study them carefully for flaws. Adjust and adapt. This is just a change of course, not a brick wall. Break large projects down into smaller, and make a plan to handle each of them.

#### ***Should I trust what I hear?***

It's a good day for business and other plans, but don't trust blindly. Give yourself plenty of time to consider proposals, ask advice, then you'll be ready to make a commitment.

### ***Transiting Mars challenges your N.Node***

DISTURBED RELATIONS: It's difficult to know how to proceed. You are distracted from your mission by other's demands. Actions must accord with your life goal.

#### ***How should I relate to inner feelings of anger and upset?***

You will never be able to avoid aggression, as it is one of the driving forces in society. You too need to forcefully establish limits to what you can accept from others.

#### ***Am I right to feel frustration at the direction my life is taking?***

Without provocation you may not feel like taking action. See this time as an opportunity to take dynamic action in the direction you want to go.

#### ***How does present disruption relate to the greater scheme of things?***

When trouble turns up unexpectedly at this time, it relates to long-forgotten events from the past. Now is the time to resolve these through executive action.

## 10 June 2023

### ***Transiting Mercury positive your Jupiter***

THE BIG PICTURE: Get out and about and see the world, and meet intelligent people. Get knowledge, and get wisdom. Impress others with your grasp of truth.

#### ***What will the future bring?***

Exactly what you want. Your capacity for positive thinking now means that whatever you actively visualize will come to pass.

#### ***What opportunities arise from meetings today?***

Great opportunities if you mobilize your persuasive powers and enthusiasm. You can sell or buy anything, sign contracts and generally take a positive attitude to people you meet.

#### ***What's the most important thing to learn right now?***

Education and communication are crucial to your success, and opportunities now present themselves. Make the most of everything you see and hear today.

11 June 2023

### ***Transiting Mars challenges your Sun***

UPSTARTS: You may have to fight for your position, but if you are motivated by pride your actions will not win acclaim. Self-assertion without dignity.

#### ***Should I assert myself if I feel under threat?***

On the one hand, you can't take threats lying down. On the other you could overreact. Be as powerful as you can, but keep your dignity - and your temper.

#### ***Should I take an initiative and act?***

You cannot remain passive. Act, but avoid as far as possible making enemies through headstrong behavior. It's better to assert yourself than to compromise.

#### ***Should I team up with others to attain my aims?***

It may be better to get things done alone right now. Other people can be more trouble than they are worth, and your patience threshold is low.

### ***Transiting Sun challenges your Pluto***

POWER AND SURVIVAL: Irrevocable decisions are made today... it could be a question of survival. You are drawn to the forbidden as a moth is drawn to the flame.

#### ***Should I continue with a situation that has been draining me?***

No, you should not. Even if it means pain and trauma, this is the time to make a conscious decision to eradicate those areas of your life that have outlived their usefulness.

#### ***Can I cope with the pressure on me right now?***

You can. But decisions are necessary. Your survival abilities are called for, and that means being ruthless and unsentimental. After the darkness comes the light.

#### ***Shall I reveal the inner turmoil to others?***

This is a good period for therapeutic contact, but you could disturb those close to you if you reveal all. A therapist can handle it, a loved one maybe can't.

### ***Transiting Mars challenges your Moon***

DISTURBED: Emotional upsets and threats to your security. The insensitivity of others angers you and makes you defensive. Hedgehogs know how to handle this.

#### ***How should I react to provocation?***

It's no use being passive, but neither should you lose your cool. Express your feelings without getting carried away. Explain to others what it is that upsets you.

#### ***How should I handle domestic confrontation?***

If you examine your situation, you'll find that it's your own emotional reactions that are causing problems. You're impulsive and aggressive. Don't get mad, get active!

#### ***How can I best deal with emotional upset?***

Channel your energy into activity at home and at work. Count to 10 before responding. Set firm limits for others during these edgy days.

13 June 2023

### ***Transiting Mercury positive your Midheaven***

BUSINESS ACUMEN: Your greatest assets are your ideas. To make progress, sell yourself. You should be willing to travel and make connections, but above all talk.

#### ***Can I handle business challenges on my own?***

Maybe, but it's much better to involve others. This is an excellent time to delegate or to work on a team project. If you can make a deal, it will go well.

#### ***How important is training for my job?***

Education is the key to career success, so make sure you avail yourself of opportunities for self-improvement, such as business courses.

#### ***Can I get around difficulties through persuasive tactics?***

That's it - if you put your mind to it you can swing things your way. Sell yourself and sell your ideas - and don't take No for an answer.

### ***Transiting Mercury challenges your Venus***

GETTING AFFECTION: It's time to talk of love, but

perhaps the words don't come. The dilemma is that talking about feelings is not the same as expressing them.

***How can I be honest about what I feel without upsetting loved ones?***

There's a fine line between diplomacy and duplicity. Express your thoughts as honestly as possible, but be aware that this could just be a passing influence, so be considerate.

***What shall I do if I feel uncomfortable about financial or material arrangements?***

There is no substitute for information. Ask questions, and don't let politeness get in the way of truth.

***Should I communicate my feelings, or stay silent?***

This is the time to communicate, but you can easily put your foot in it. There is a tendency to deception, so talk straight, or don't talk at all.

14 June 2023

***Transiting Sun positive your Mercury***

CREATIVE COMMUNICATION: You're feeling pretty clever today, and you also want to be on the move. So meet people, or grab the phone, and get your message across.

***Is what I've got to say important?***

It's important to you, and if you want to make an impact, make sure your voice is heard. Use all your charm, humor and skill to make your influence felt.

***Should I travel first class, or second class?***

Sell yourself as high as you can. The best way to do this is to create a good impression. Take the first class option.

***Should I do things myself, or delegate?***

Don't get bogged down in details. Use your connections. There are skilled people just waiting to be of service.

15 June 2023

***Transiting Sun challenges your Uranus***

YOUR CRAZY SIDE: There's focus on your cranky side today. You want to demonstrate that you are different, but this can make you provocative and alienated.

***How long do I have to put up with this boring situation?***

Your restlessness and impatience peaks today. Perhaps this will help you define how you want to express what exactly makes you different, and inaugurate change.

***Shall I throw in the towel?***

You're far too impulsive and unreasonable right now. Wait a day or so before you do anything drastic. Why not start something new and exciting as a distraction?

***Why are other people so impossible?***

You're feeling alienated and something of an outsider. Try meeting some really weird people and you'll feel better!

18 June 2023

***Transiting Sun challenges your Saturn***

OVERCOMING SELF-DOUBT: You are put on the defensive. Don't be hasty. Withdraw and regroup. Expect resistance, expect delay. Resist pessimism.

***Am I up to the job?***

You are. Just because someone criticizes you, it does not mean you are ineffective. This is simply a chance for self-improvement. Think positive, and don't undermine yourself.

***How should I handle authority today?***

Don't take things personally. People are just doing their job as best they can. They may be just as unsure as you are. Be helpful, shoulder responsibility.

***Can I expect to be lucky?***

Today you have to make your own luck, and that means making plans for the future and thinking positively. Setbacks are ways to self-improvement.

***Transiting Sun positive your Mars***

EXECUTIVE ACTION: Nothing can stop you getting what you want today. Use the full force of your personality to carve a path to your goal. You're a winner!

***Has the time come to take action?***

Don't hesitate a moment. Strike whilst the iron is hot. The force of your will sweeps all resistance aside.

***How much consideration should I take for others?***

Don't let nervous concern for others prevent you from going for what you need. Everybody loves a winner, but there is little time for losers.

***Is patience a virtue?***

Possibly, but not for you, and not now. Don't wait for others to take the lead. Seize the initiative and take a leadership role.

***Transiting Mercury positive your Sun***

EXPRESSING YOURSELF: Make sure people get to know the real you. Visit important people, and promote yourself confidently and humorously. Be seen and heard.

**Can I expect to be popular today?**

You can. The words that come out of your mouth miraculously command attention. You seem to find the right combination of levity and clarity.

**Should I give audience to people?**

Yes, people seek you out because they respect you. And maybe they have an idea or two you can benefit from. You'll work best in a team today - help is at hand from others.

**Should I travel in style?**

Today you should treat yourself to first class. Who knows who you might meet? Sometimes impressions speak louder than words.

**Transiting Venus challenges your N.Node**

BONDS TO THE PAST: Meetings today remind you of long lost people. It's good to revisit the past, but don't dwell in it. Let go of old issues with loved ones.

**What's the significance of people I meet today?**

Individuals and groups you get involved with today have a special role to play in your destiny. There may be a sense of familiarity. Spiritually it's like a safe harbor.

**What factors should influence choices in relationships?**

Know what's part of the past, and what's part of your future. If you feel that the past is stale, associate with those who hold the allure of the future.

**Do I know this person from somewhere?**

Destiny and karma play an important role in relationships today, so the answer is yes. You meet an important bond from the past, and there are unresolved issues.

## 19 June 2023

**Transiting Venus challenges your Sun**

AUTHENTICITY CONTRA CHARM: Smiles and flattery can get you a long way, but there can be a sickly feeling if the charm is turned too high. Tastes conflict.

**Who shall I be on guard against today?**

Don't trust obsequious types. Those who flatter you today are thinking of their own gain.

**Should I spend money on myself?**

You're tempted, but the demons of vanity are strong. Your judgment is not at its best, and you are likely to spend too much on the wrong thing.

**How can I make a good impression on others?**

Don't try. At all costs avoid ingratiating yourself. Don't bring gifts that are not appreciated. Modesty and

restraint create a favorable impression. Flirting falls flat.

**Transiting Venus challenges your Moon**

DOMESTIC CHORES, ROMANTIC DREAMS: It's difficult to be a mother and a movie star. Romantic needs rarely accord with home duties. Today you make a choice.

**Shall I express my true feelings to those I love?**

You may try to, but you end up gushing platitudes. Your efforts to show love reveal dependency. If you need mothering, call your parents.

**How can I reconcile romantic needs with domestic duties?**

Take a break from domestic demands today. Arrange seduction over dinner. Get rid of the apron, and put on your most irresistible clothes.

**Are there any risks in investing money today?**

Unconscious issues color your judgment. There is a negative focus on security. It is probably not the best time to spend on family or property.

## 22 June 2023

**Transiting Mercury challenges your Pluto**

INTERROGATION: What you don't know disturbs you. You anxiously uncover secrets. It seems that harmful information is buried somewhere. Avoid obsessing.

**Is someone keeping something secret from me?**

There are always secrets, but today your paranoia is awakened. If you dig up the whole of your garden, then what will happen to the flowers? You have your secrets, let others have theirs.

**Why are my thoughts going round in circles?**

You are accessing archetypal energy from within. Unless you harness it positively to uncover psychological issues, it will attach itself to, and channel itself through, your negativity.

**Should I ignore difficult communication issues?**

No - today is the time to put an end to gnawing problems that have been plaguing you for some time. Diplomacy serves no purpose - cut through to the core and remove problems by the root.

## 23 June 2023

**Transiting Mercury positive your Mercury**

THOUGHTS HUM: This is an excellent time for expressing your thoughts and ideas. Make sure people hear what you have to say, and deliver your message with wit.

**Is this a good time to contact people who have**

### ***influence?***

If you have something you want to ask for, then at least you'll be able to ask for it in style. Your powers of self-expression are at their best.

#### ***Should I put off writing or do it now?***

As you are at a mental peak now, it's best to resist an inclination to laziness, and get writing or communicating - today!

#### ***Is it responsible to go traveling now?***

There's a time to be responsible, and a time to have fun. This is the time for pleasure and play... you could learn something.

## **24 June 2023**

### ***Transiting Mercury challenges your Uranus***

FOOT IN MOUTH: There is no virtue in being provocative. You feel alienated, and the lines of communication are broken. Differentiate between genius and madness.

#### ***Should I mobilize my diplomatic talents?***

As hard as you try, you are unlikely to succeed with diplomacy. You may try shock tactics, but this just brings disruption. Perhaps it's better to go off alone, and experiment with something different.

#### ***Will travels and communication run smooth today?***

It is very unlikely. Disruption happens when you least expect it. Perhaps this is what happens when you rely too much on technology. Take things as they come without expectation.

#### ***Why am I misunderstood?***

Ask yourself rather whether you have made any effort to attune yourself to the thinking of others. If you can't enroll others, then your ideas will come to nothing.

### ***Transiting Sun challenges your Midheaven***

AUTHENTICITY CONTRA DUTY: There are demands on your leadership qualities both professionally and in your domestic life. Don't let it go to your head.

#### ***How should I react to the demands of those in authority today?***

You risk censure if you pit yourself against those in power. Assert your leadership without forcing others to lose face.

#### ***Should I insist on having things my way at home?***

It's important for you to imprint your identity onto your domestic and family life. Try to do this without being arrogant or autocratic.

#### ***Should I strive for more recognition?***

The need is certainly there. However, if you appear self-righteous or arrogant, you will evoke resistance.

Assert yourself... humbly.

### ***Transiting Sun positive your Venus***

GET POPULAR: People want to get to know you today, and with your charm, why not? Your judgment is at its best, and you surround yourself with those you love.

#### ***What role can diplomacy and charm play today?***

It's important to win people's hearts first; then you can influence them. Don't be afraid to turn on the charm.

#### ***What are my chances in the romance department?***

You are emanating your most attractive side today. Be yourself, be loving, be romantic. You ARE worth it.

#### ***Is it wise to spend some money today?***

Be generous - both to yourself and to loved ones. If money is in short supply, then shower affection on those you hold dear.

## **25 June 2023**

### ***Transiting Mercury challenges your Saturn***

STUMBLING BLOCKS: You have to learn from your mistakes today. Self-confidence is low, and there is criticism. It's just a test of patience... take your time.

#### ***Shall I fight to get my ideas across?***

No - regroup your forces and wait to fight another day. Today you just encounter a brick wall. If the odds are insuperable, just drop it. If they are not, then bide your time.

#### ***Should I bring up serious issues for discussion?***

With a patient and determined attitude, this is a good day to deal with tough issues. Don't expect immediate progress, but don't give up either. Work hard at eliminating blockages.

#### ***How should I handle frustration and delay?***

If you are traveling, take a good book. Expect everything to take twice as long. Delays sometimes mean that there is more time to do the things you have been neglecting.

### ***Transiting Mercury positive your Mars***

ENTHUSIASTIC TALK: Make sure you express your ideas, even if it means shouting. Get out and about, be spontaneous, and mobilize your persuasive powers.

#### ***Should I fight to be heard?***

Yes... today you can attract an interested audience, and have the power to get them enthusiastic. Whatever your heart beats for, get the message out.

#### ***How should I handle power play today?***

It's all about communication. Make both the message,

and its delivery, forceful.

***How should I respond to initiatives?***

Network with others and get into action mode. It's the combination of decisive action, interaction and a clear mind that brings success today.

## 28 June 2023

***Transiting Mercury challenges your Midheaven***

DISTRACTIONS AT WORK: Hectic activity and interruptions can distract you from your goals for the day. You'll have to get organized to get your message across.

***Should I shut out distraction and concentrate on the matter at hand?***

You probably won't be able to. Accept the fact that people are going to come in and out, and deal with one thing at a time.

***How should I react to communication from family members?***

Expect distractions on this front today, too. You may not agree with them, but give siblings and other family members your patient attention.

***Is it a good idea to travel on matters of business?***

It's quite likely, and it's good to get out from the office. You need some fresh input.

***Transiting Mercury positive your Venus***

EXPRESSING KINDNESS: Aesthetic and intellectual pleasures bless your day. Take a pleasure trip, or communicate with someone you love. People say nice things.

***Are compliments meant sincerely today?***

People cannot help responding to the way you express your love and kindness. People really mean it when they flatter you, so take it with good grace.

***Is it a good time for love?***

It's a great time for love talk! Though the energy is more friendly than erotic, you cannot fail to get a good response. Words of love must be spoken!

***Is it a good day for going out?***

It's a great day, especially in the company of friends or loved ones. You should be looking for aesthetic entertainment that stimulates mental purity.

***Transiting Mars challenges your Mercury***

IRRITATION AND STRESS: Mental tension, sharp exchanges. Glitches in travel and communication create irritation. Watch your tongue, think twice before speaking.

***Should I say what's on my mind?***

You'll need to express your thoughts and opinions, but it's the way you say things, which is important. Criticism, sarcasm and anger and aggression are counterproductive.

***How can I best handle discussions?***

Don't lose your temper. If you snap and snarl, arguments will start. Think carefully, rather than responding impulsively. Don't fudge issues though - say it like it is.

***From what quarters can I expect trouble?***

Sibling relationships can be exasperating, so don't say things you may later regret. When traveling you may get provoked - embrace a strategy for keeping your cool.

## 30 June 2023

***Transiting Mars challenges your Neptune***

IN THE MIRE: Only unselfish action has a chance of success. You stray off the straight and narrow. There is confusion, possibly subterfuge. Passivity pays off.

***Can I trust what's going on?***

If you smell a rat, there's a sewer around. Somewhere there is dirty business. Make sure your hands are clean.

***Should I give in to temptation?***

Not today! Immorality has a subtle price. Words and actions are undermined in the struggle to keep up appearances.

***How can I express my sexual needs?***

Routine or mechanical sex does not satisfy you. Forget about desire for the body, and research the seductive recesses of the soul. You can bend a lot of rules today.

## 02 July 2023

***Transiting Mercury positive your N.Node***

THE GRAND DESIGN: Meeting people is part of your development. Friends need your special input, so say what's on your mind. Messages come from across time.

***Should I get out and about or stay at home?***

Do whatever promotes your learning best. It is however likely that chance encounters will bring you some much-needed information.

***Should I vary my travel plans?***

Maybe... you can discover a new route that bypasses old blockages. Entrust your fate to the ferryman, and you can end up emerging into an exciting new environment.

### **How can I best promote my intellectual development?**

With respect for your educational roots, and those who have helped you, build a bridge to new fields of intellectual endeavor, new people, and new subjects that are more in tune with your future.

#### **Transiting Mercury positive your Moon**

EXPRESS YOUR SENSITIVITY: It's good to get feelings out into the open and have a cozy chat. You'll want to express your caring side, and your vulnerability.

#### **Should I retire into my lair or get out and about?**

Today is about communication, so get in contact with those with whom you have an emotional bond, and if this means visiting or receiving a visit, then that's what to do.

#### **How should I respond to overtures from the family?**

Any family differences can be resolved now, and if you say what is genuinely on your mind, your openness will be reciprocated.

#### **What areas of business will prosper today?**

Your business instincts are peaking now, so trust your gut feelings. It's a good day for property dealings.

## 03 July 2023

#### **Transiting Sun positive your N.Node**

IN TUNE WITH YOUR FUTURE: Associate with those who can connect you to your destiny. Fate steps in today and puts you on the right path to achieve inner goals.

#### **How important are meetings that take place today?**

Involvement with groups or significant individuals is crucial ... they can put you on track, in a direction which has consequences for the future.

#### **Am I going in the right direction?**

If you've been there, and done that, then turn to pastures new. You'll know instinctively what belongs to the past, and what to the future.
